However, at the end of the term we hold a watching week in which parents & family are invited to observe classes. For those who wish to remain at the studio, a waiting room is provided.

Please remember that a quiet environment enhances learning. For younger children who are just beginning, parents are encouraged to bring their children into the room to introduce them to the teacher and fellow students.

Parents should also be aware that in this industry, physical contact with the child is often necessary during class, whether by the teacher, assistant, or another student. Corrections from the teacher or assistant will involve hands-on guidance.

Students who take breaks between classes will not be supervised by LCDA staff. While the waiting area is available, please note that students will not receive supervision during this time.
